Work-In-Progress Lab Guidelines

What is Work-In-Progress Lab?

Work-in-Progress Lab is a closed door lab / workshop. It is not a platform to showcase films. Viewing Room is the only platform at Film Bazaar to showcase complete/ incomplete films. From this edition onward, Work-In-Progress Lab and Viewing Room will have separate application forms. If you're seeking creative and technical feedback as well as mentorship for your rough cuts, we encourage you to apply for the WIP Lab. If the applicant is seeking visibility, finishing funds, distribution or film festivals, kindly apply for the Viewing Room separately. The VR submission will be independent of the WIP Lab's application process.

1. WIP Lab is open for Feature-Length fiction films (above 72 minutes) which are not yet complete, i.e., their edit is not locked. - Mid-length films (30-70 mins.) and short films (under 30 mins.) cannot apply for this section.
- **Completed films are not eligible** for the WIP Lab.

The film to be submitted should be in its rough-cut stage or just before final edit. All or a large part of the principal photography must be complete. The film should not have begun with their post production processes like DI or final sound design.

2. Please ensure that the submitted rough cut for selection is of minimum duration of 72 minutes. Please submit the best possible cut of the film for consideration as the cut will be watched only once by the programmer for selection purposes. The rough-cut should not be double the intended final duration of the film. Please do not submit a rough assembly of the entire film, nor a trailer.
3. Please ensure that the rough-cut link provided in the application form is downloadable and preferably password protected. **If the link is not downloadable, your application will be considered incomplete.** This is required for the selection process and for viewing purposes only.
4. A maximum of 8 feature-length fiction films will be selected for the WIP Lab. The decision of NFDC Film Bazaar will be final.
5. A film which has applied to the WIP Lab can still choose to apply in the Viewing Room. If the applicant is seeking visibility, finishing funds, distribution or film festivals for the film. We highly recommend this.
6. If the applicant has a newer rough cut of the film post the application, kindly inform the team before October 5, 2024. Please note that the team will consider newer cuts only if

by NFDC

the newer cut has sufficient changes in the edit. If the difference in duration is of and below 5 minutes, then it will not be considered.

7. The WIP Lab requires the presence of both the Director and the Editor of the film. If you intend to apply for the WIP Lab, please ensure there is a director and an editor who will be available for the entire duration of the Lab, which is going to take place physically, and will be able to travel to Goa on the dates of Film Bazaar. Please mention the Editor's filmography in the application form.
8. The WIP Lab will be held in physical format in Goa. The Director and the Editor of the selected films will be provided free registration to NFDC Film Bazaar 2024 to attend the WIP Lab. In case, the Director cannot attend the sessions of the WIP Lab, the film will be disqualified and another film will be selected in its place. In case, the film has multiple directors and editors associated with the film, a maximum of 4 team members (director, co-director, editor and co-editor) will be allowed to participate in the lab.
9. In the above case, the co-directors and co-editors can attend the lab at their own cost pertaining to accreditation and accommodation.
10. The Producer of the film cannot attend the WIP Lab in place of the Director and the Editor of the film cannot attend in the absence of the Director. Both the Director and the Editor of the film will have to be present.
11. The WIP Lab will be conducted in English. Hence, the film team will need to be suitably proficient in English. If the team does not feel comfortable with English, kindly inform the WIP Lab team beforehand so that we can make necessary arrangements.
12. WIP Lab will take place in the month of November but the exact dates of the Lab will be informed to the selected participants.
13. The WIP Lab participants are expected to attend NFDC Film Bazaar 2024 for the entire duration (November 20-24, 2024).
