

CO-PRODUCTION MARKET

FREQUENTLY ASKED QUESTIONS

APPLICATION

Q. What is a MyFilmBazaar Account?

A. MyFilmBazaar Account displays all of the applications made by a single person. Please note that if you want to submit more than one application to the Co-Production Market and/or any other Film Bazaar program, you must first create an account. If you have already registered, you will be requested to provide the same login credentials you used when you originally applied.

Q. Can I apply with more than one project?

A. Yes, even though we accept multiple projects from the same director/producer, only one project will be considered for selection.

Q. I am a writer/director attached to the project but don't have a producer. Can I apply?

A. No, the Co-Production Market is only eligible to projects having a producer attached and at least 25% of the finance in place.

Q. Can we apply as an individual or do we need to be associated with a company?

A. Yes, you can apply as an individual. However, being associated with a company adds credibility to a project and thus places the project in a better position when compared to projects that aren't supported by a company/organization. In addition, all international entities - funds, producers, distributors and sales agents require the existence of a legitimate company/organization before they commit any resources. It must be noted that without the existence of a legitimate company/organization commercial, financial and legal paperwork cannot be executed. The company could either be the producer's own company or they could be attached to a line production company.

Q. Can I select more than 1 genre for my project in the application form?

A. Yes, you can select multiple genres for your project. But it is advisable to limit your selection to three important genres that describe your project the best.

Q. Is filling up the contact details for each individual mandatory? Who will be the Primary Contact?

A. It is mandatory to fill out the contact details of every individual Director(s) and Producer(s) so that the CPM Team may reach them at any time throughout the Bazaar. It is also required to designate one person as the project's primary contact, whether the Director or the Producer. Please note that Film Bazaar only recognizes the Director(s) and Producer(s) mentioned in the application as the project representatives. Only they are allowed to be present at Co-Production Market and feature in the Co-Production Market catalog, so repeated contact information will not be accepted. Furthermore, all correspondence about the selection process and guidance via the Bazaar will be with the project's Primary Contact person.

Q. What documents do I need to produce as the proof for the 25% financial commitment?

A. Before submitting your application, download the Production Plan Template from the Attachments section, fill it out with the required information, and upload it back. There is no other proof or documents required at this stage. However, if your project gets selected for the market, keep any agreements/contracts handy to validate the 25% financial commitment declared in your application form.
